CONEGLIANO VALDOBBIADENE PROSECCO SUPERIORE DOCG BIOLOGICO EXTRA DRY

GRAPE VARIETY:	Glera 100%
PAIRINGS:	An excellent aperitif for any social or festive occasion. Ideal with radicchio crostini, semi-aged cheese and first courses with white meat.
SERVING TEMPERATURE:	6° - 8° C.
PRODUCTION AREA:	Ogliano di Conegliano, within the Conegliano Valdobbiadene DOCG area. Estate-owned vineyards.
SOIL:	Clay-rich, dry and shallow soil over limestone bedrock.
VINEYARD NUTRITION:	Carried out using green manure and natural methods. No chemical or animal-derived treatments are used. Certified organic farming.
PLANTING:	Density: 2,500-3,500 vines per hectare. Maximum yield: 135 quintals per hectare.
HARVEST:	First half of September. The grapes are selected and harvested strictly by hand.
VINIFICATION:	Gentle pressing in pneumatic presses to extract only the first-press must; static settling of the must; fermentation at a controlled temperature of 16 °C with selected yeasts; racking and maturation in stainless steel tanks.
SECONDARY FERMENTATION:	Secondary fermentation in pressurised tanks, with very slow refermentation at low temperatures and more than three months on the lees.

ALCOHOL CONTENT 11,5 % Vol.
RESIDUAL SUGAR 14 g/l

PRESSURE 5,6 bar
BOTTLE SIZE 0,75 l
CASE 6 bottiglie

BOTTLE GL71 - glass
WIRE CAGE C/ALU90 - aluminium
CAPSULE FE40 - steel
CLOSURE FOR51 - cork

ENERGY FOR 100 ML 300 kJ
72 kcal
